

Tailored

DEVELOPMENT

DELIVERED BY GARY CHURTON

Lockheed Martin

Half Day Team Build

Overview

Lockheed Martin UK, headquartered in London, is the UK-based arm of Lockheed Martin Corporation. Lockheed Martin UK specialises in the development, integration and sustainment of advanced technology systems, products and services.

The Scottish based arm of Lockheed Martin decided to hold their annual conference at the beautiful Rosslea Hall Hotel.

Keen to ensure that the conference would be engaging and inspiring for all 115 attendees, they called upon Tailored Development to deliver a half day team building session.

Solution

After discussion with Lockheed Martin to understand their requirements. Tailored Development liaised directly with Rosslea Hall Hotel. Having partnered with Rosslea Hall on several occasions we knew exactly which activities would work and how to provide a seamless service.

The day started with a fun briefing session and delegates worked in 12 prearranged teams.

Each team rotated through a series of team activities, collecting points along the way!

Something for Everybody

Each activity required different skill sets to ensure everyone had the opportunity to play to their strengths.

Each activity lasted 15 minutes before moving on to the next.

Great pace! Great fun!

Prize Giving

After a fun filled afternoon the points were added up and the scores announced.

A fun award ceremony took place on the main lawn to the sound of laughter and cheers

A great end to an annual conference!
